The Coronavirus can make people feel poorly.

Poorly people stay **at home** or go **to hospital** to get better.

Most children need to stay **at home** but some children like us need to come to **school or nursery** so our parents and carers can help others.

Some people have very special jobs and need to go to work ...

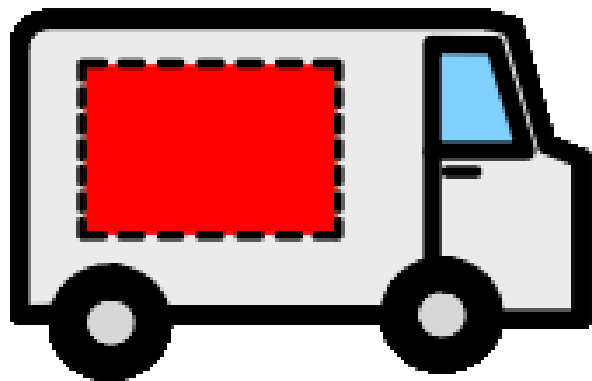

... to make others feel better ...

... to keep us safe ...

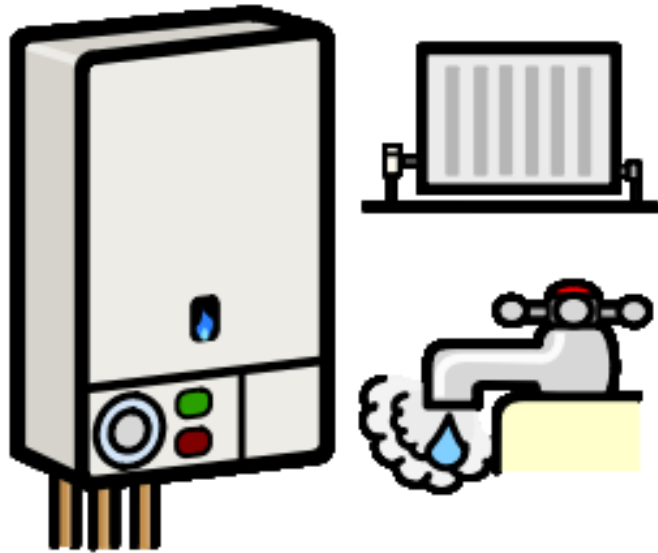

...to care for others ...

... to make deliveries ...

... to help us stay in touch ...

... and to keep us warm.

There are lots of important jobs.

We are proud of our families for helping.

If I feel worried, I can talk to a grown up.

If I feel poorly then I will stay at home too.
