## **Section 4 – Other school arrangements**

### **The School curriculum**

- We teach children about health and safety in order to equip them with the skills, knowledge and understanding to enable them to live positive, successful and healthy lives. Teachers take every opportunity to educate children in this regard in the normal school curriculum. For example, through the science curriculum we teach children about hazardous materials, and how to handle equipment safely and the PSHCE curriculum, about drugs.
- Our school promotes the spiritual growth and welfare of the children through the RE curriculum, through special events such as harvest festival, and through the daily act of collective worship.
- We teach children respect for their bodies, and how to look after themselves. We discuss these issues with the children in PSHCE lessons and we reinforce these points as part of our healthy schools programme, where children learn about eating and hygiene. We also show them how to move and play safely in PE lessons.
- Health and safety issues also arise when we teach care for the environment and awareness of the dangers of litter. Key Stage 2 children receive sex and drugs education.
- Each class has the opportunity to discuss problems or issues of concern with their teacher. Teachers use circle time to help children to discuss and overcome any fears and worries that they may have. Teachers handle these concerns with sensitivity.

### **School meals**

- Our school provides the opportunity for children to buy a meal at lunchtimes. If parents are in receipt of income support, they may claim free school meals for their children. We do all we can to ensure that the meals provided have a suitable nutritional value and work with Taylor Shaw to achieve this.
- Care is taken to ensure pupils with food allergies are given meals that are safe and of nutritional value.
- If children choose to bring their own packed lunch, we provide them a suitable place to eat their lunch, and we supervise them during this time.
- Our schools promote a healthy lifestyle and achieves the Healthy School Standard.

### **Child protection**

- There is a named person responsible for child protection in the school. This is the head teacher in the first instance and the Deputy Head Teacher should the head teacher be unavailable (ie off-site).
- We require all adults employed or having contact with pupils in school (eg staff, volunteers, contractors etc) to have been DBS checked before being

allowed access to pupils. This includes adults accompanying Educational Visits.

### **Visitors in school**

- The entrance to the school is kept locked to prevent unauthorised access.
- All visitors will sign the visitors book on entering the school and wear a visitors badge at all times.
- Staff should report any potentially unauthorised visitors to the Head Teacher as soon as possible. Staff should not put themselves at risk challenging intruders, but should ensure pupils are moved to a place of safety.

### **Seat belts**

Our school only uses coaches and mini-buses that have seat belts provided. We instruct pupils to wear seat belts at all times when the vehicle is moving.

When staff cars are used to transport pupils the law regarding child restraints is always followed without exception.

### **Educational visits and Off-Ste Activities**

Our school recognises the educational benefit of educational visits and off-site activities and the valuable contribution such activities can play in supporting the curriculum.

The school will follow the Local Authority guidance on Educational Visits and seek Local Authority approval for all visits where LA approval is required.

Governors delegate the Head teacher authority to approve all visits on behalf of the school with the exception of overseas visits and those involving adventurous activities requiring an AALA licence. Approval for such visits will be made by the governing body, in conjunction with the Local Authority.

Educational Visits for the previous term will be included in the head teacher's termly report.
