

# History

## Progression Map

### Level Expected at the End of EYFS

We have selected the Early Learning Goals that link most closely to the Geography National Curriculum.

#### Understanding the World (People and Communities)

Children talk about past and present events in their own lives and in the lives of family members. They know about similarities and differences between themselves and others, and among families, communities and traditions.

#### Understanding the World (The World)

Children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another.

### Key Stage 1 National Curriculum Expectations

Pupils should be taught about:

- changes within living memory. Where appropriate, these should be used to reveal aspects of change in national life;
- events beyond living memory that are significant nationally or globally [for example the Great Fire of London, the first aeroplane flight or events commemorated through festivals or anniversaries];
- the lives of significant individuals in the past who have contributed to national and international achievements. Some should be used to compare aspects of life in different periods [for example Elizabeth I and Queen Victoria, Christopher Columbus and Neil Armstrong, William Caxton and Tim Berners-Lee, Pieter Bruegel the Elder and LS Lowry, Rosa Parks and Emily Davison, Mary Seacole and/or Florence Nightingale and Edith Cavell]; significant historical events, people and places in their own locality.

### Key Stage 2 National Curriculum Expectations

Pupils should be taught about:

- changes in Britain from the Stone Age to the Iron Age;
- the Roman Empire and its impact on Britain;
- Britain's settlement by Anglo-Saxons and Scots;
- the Viking and Anglo-Saxon struggle for the Kingdom of England to the time of Edward the Confessor;
- a local history study;
- a study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066;
- the achievements of the earliest civilizations – an overview of where and when the first civilizations appeared and a depth study of one of the following: Ancient Sumer; The Indus Valley; Ancient Egypt; The Shang Dynasty of Ancient China;
- Ancient Greece – a study of Greek life and achievements and their influence on the western world;
- a non-European society that provides contrasts with British history – one study chosen from: early Islamic civilization, including a study of Baghdad c. AD 900; Mayan civilization c. AD 900; Benin (West Africa) c. AD 900-1300.
